Teas, Groceries, and Household Requisites.

THE Proprietors have pleasure in intimating that they have now made considerable additions to their premises, which will enable them to deal in the most satisfactory manner with the increasing dimensions of their business. The Distinct aim of their Business is to supply Families with GROCERIES, WINES, and SPIRITS at the lowest possible prices consistent with a high standard of quality. Knowing that a **cheap** article is not necessarily **good** value, but that, on the contrary, it may be very **poor** value at any price, they have to ask you not only to compare their prices with what is offered elsewhere, but, at the same time, to compare the quality of the Goods offered, feeling assured that the results will tell very much in their favour.

TEAS—A Speciality.

Particular attention is devoted to this Department. The TEAS are the finest imported, and blended under the personal supervision of an Expert.

GILLANDERS' TEAS have already made a name for themselves over the North of Scotland, **not by extravagant and untrue statements**, but by being what they are represented, viz., **Honest Value**, and value which we challenge any firm to beat.

And following up the motto, "**The Highlands for the Highlanders**," we hope soon to see the day when there will not be a family in the North of Scotland who will think of sending their orders for the refreshing beverage further South than the **Capital of the Highlands**, and towards accomplishing this object we invite you to send or call for Samples of our

1/6, 1/8, 1/10, and 2/2 TEAS,

and are confident that all giving them a fair trial will be convinced of their merits. All that is stipulated for is "**Fair Field and No Favour.**"

PRINCE CHARLIE'S PILOT.

A RECORD OF LOYALTY AND
DEVOTION TO PRINCE CHARLIE

By E. M. BARRON.

Reprinted from "Highways and Byways of
Highland History in "Inverness Courier."

Price, 5/-

(Postage—Inland, 4d; Foreign and Colonial, 6d).

This Volume deals exhaustively with one of the less known periods of Prince Charlie's wanderings after the battle of Culloden, and describes in graphic terms the sufferings of the Jacobite prisoners on English ships-of-war and in English prisons. The fruit of wide reading and careful research, it presents a story at once historically accurate and absorbingly interesting.

For sixty-one days Prince Charlie's life and safety lay in the hands of Donald Macleod, and they and their companions went through many hardships, privations, and imminent dangers of capture on sea and land. This is the first time the story of this period of the wanderings of the hunted Prince has been told in separate form and with so much of personal and incidental detail.
